

# Troop 888

## **COVID 19 Shelter-in-Place (SiP) 2020 Patch Program**

To encourage and reward Scouts who remain active in Scouting and in our Troop during this challenging time, we have created the SiP 2020 Patch Program! To earn the Shelter-in-Place 2020 Patch, a Scout must complete all of the requirements listed below.

Complete the requirements by filling in the requested information on the attached Worksheet. The requirements must be completed while the Troop remains in “shelter” and cannot meet together in-person. Once you have completed the Worksheet, email it to your [Scoutmaster](#).

All Scouts who complete the Program will be recognized at our next Court of Honor and will be presented with a historic, one-of-a-kind, never to be seen again SiP 2020 Patch!!!

IMPORTANT NOTE – While working on these, and any other Scouting requirements, Scouts should follow all guidance and public health restrictions in place, including but not limited to social distancing, washing hands, etc. Please stay safe, healthy and have fun!

## **May 2020 “Stay Active” Award**

Make physical activity part of your daily routine during the stay-at-home order and join the MDSC Covid-19 fitness challenge during the month of May!  
For more information, click [here](#).

## **SPL Message:**

Hey Scouts,

I’m just checking in with you during the stay at home situation. I hope you’re all well, healthy, and safe. With the help of the PLC, I am working on having a virtual troop meeting soon, so make sure you keep an eye out for that email and attend that to participate in all the fun we’ll be having. There are also some new awards to earn while we are in our homes, as mentioned above. I do hope all of you are using your imagination to be creative and keeping yourselves busy. I have attached a tutorial to print the blue cards for any merit badges that you are completing with the Council’s iBadge program. I’m reachable via email if you have any questions or concerns. I do want to see you when the troop meeting happens so we can all stay connected. Who knows, we might be planning a Virtual Troop Campfire too! Stay safe, stay connected, stay well.

See you later!

Tejas Dhilip

P.S. Don’t forget to tie your laces.
