

Email Aliases

Emailing your entire patrol, all scout leaders, parent volunteers, and/or the entire troop is a frequent process that can sometimes take a long time. This is where using email aliases can help.

1. Start off by going to the top menu bar and selecting "Email".
2. Next, navigate to the tab labeled "Email Groups".

Finally, you will come to a page where you can choose from a variety of email aliases. Please remember to *bcc* your emails accordingly.
